RE: Comments on the Draft Proposed Remedial Action Plan
Standard Chlorine of Delaware, Inc. Superfund Site
Delaware City, New Castle County, Delaware

Dear Ms. Lose:

Attached is a marked up draft of the proposed Plan for the Standard Chlorine Superfund of Delaware, Inc. site as we discussed earlier this week. Many of my comments are editorial in nature. However, there are a few items which we need to discuss in more detail, such as performance standards for bioremediation and the language in the section dealing with State Acceptance. Please contact me next week so that we can discuss these and any other necessary issues.

Overall, the draft looks good. If you have any questions about my comments, please call me.

Sincerely,

Anne V. Hiller
Environmental Scientist III
